**Toronto, Ontario, May 31, 2018** – RNC Minerals (TSX: RNX) (“RNC”) announced today that it has entered into an agreement with Haywood Securities Inc., as lead agent on behalf of a syndicate of agents, including Laurentian Bank Securities Inc., Canaccord Genuity Corp., and Red Cloud Klondike Strike Inc. (collectively, the “Agents”), whereby the Agents have agreed to sell, on a “best-efforts” private placement basis, a minimum of 40,000,000 units (the “Units”) of RNC, at a price of \$0.15 per Unit (the “Issue Price”) for minimum gross proceeds of \$6,000,000 (the “Offering”). Each Unit will be comprised of one common share in the capital of RNC (“Common Share”) and one common share purchase warrant (“Warrant”). RNC has granted the Agents an option, exercisable in whole or in part at any time prior to the closing of the Offering, to sell up to an additional 15% of the Offering in Units at the Issue Price.

Closing of the Offering is expected to occur on or about June 14, 2018 and is subject to receipt of customary regulatory approvals and conditions, including approval of the TSX. The net proceeds of the Offering will be used for working capital and general corporate purposes (including reduction of current indebtedness and payables) and to fund the advancement of RNC’s nickel-cobalt project.

The securities issued under the Offering will be subject to a hold period expiring four months and one day from the closing date of the Offering. The securities offered have not been registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This news release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.
